

# Surround® Toothbrushes

Experience a gentle  
thorough clean

Surround® Toothbrushes  
unique Design allows to  
brush front, back and biting  
surfaces of teeth all at the  
same time

## FEATURES:

- 3 bristle pads at different angles clean all surfaces of the teeth at the same time.
- Entire head and handle are covered with a non-slip cushion grip Head and neck are designed to bend for customization.
- Soft, end-rounded bristles; heart-shaped compact head.
- Comes with Re-usable brush head cover.

## GREAT FOR:

- Children learning to brush their own teeth
- Caregivers brushing someone else's teeth when cooperation is limited
- People with braces - angled bristles get under the band
- Comes with Re-usable brush head cover

Available in Adult and Toddler Sizes (up to 5 years old)
